6. Discussion, Review, and/or Update

- A. Review of Check Report from Abila MIP for the period of October 6, 2022, to November 2, 2022.
The check report was reviewed by Committee members and staff. A discussion ensued regarding a few checks that needed further explanation.
- B. CalCard Charges – Statement dated October 23, 2022
The CalCard monthly statement was reviewed by Committee members and staff. Questions regarding specific charges were brought forward by the Committee and staff provided more information. Treasurer Walker asked if the title for the mosquito pool test can be changed. Staff explained what this item was for virus testing. Staff will see if that entry can be changed moving forward.
- C. Review of October 2022 Financials and Treasurers Report
The Committee and staff reviewed the Financials and Treasurers Report. David l'Anson said it was business as usual. The Finance Committee reviewed the investment fund balances which shows an improvement in some of the accounts. David will reach out to MBS about the District's current CDs and report back. The General Fund Operational Cash Flow chart shows good budgeting this year.

7. Old Business

- A. Discussion about the District's CalCard Procedure
The Committee discussed the District's CalCard procedure. The Committee asked about the limits assigned to each card. David l'Anson is responsible for adding the single purchase and 30-day limits. The Committee and staff discussed the possibility of a central purchasing department

or agent to find a more structured purchasing system. David discussed the control activities to ensure that the CalCards are safe, and purchases are made within the procedural limits. David investigated the option of having text messages sent with purchases to the CalCard and didn't see that as an option.

B. Review the CalPERS Actuarial Valuation reports

The reports were reviewed. David let the Committee know this report is 2 years behind and some items are not listed on this report. The valuation is for June 30, 2021. Staff feels that the District is in a good position in relation to other agencies. Set aside funds for future pension contribution requirements. Treasurer Walker suggested that instead of sending money to CalPERS the District instead sets aside funds in reserves for future pension contribution requirements. David mentioned that there is an option within CalPERS, a trust, that acts like a savings account to pay for these liabilities in the future. David will bring information about this option to the next Finance Committee meeting.

General Fund Operational Cash Flow

Fiscal Year 2022-2023

The **General Fund Operational Cash Flow** graph outlines the District’s working capital for the fiscal year July 1, 2022, to June 30, 2023. The beginning fund balance is \$6.8 million and the ending fund balance is \$5.8 million. Expenditure is approximately divided by 12 equal months, with some differences accounting for the seasonality of the program for example control products and seasonal employment which are greater in the mosquito breeding season. July expenditure is higher than average because of the prefunding lump sum of \$0.3 million for CalPERS unfunded liability and the transfers to the capital reserves. The budget also accounts for prepayments. The revenue follows a different pattern, Riverside County distributes the property tax revenue in January and May with advancements in December and April. The *shaded area* represents the **Budgeted Fund Balance** which has a formula of (beginning) **Fund Balance** plus **Revenue** minus **Expenditure**. The *green line* represents the **Actual Fund Balance** and is graphed against the *shaded area* **Budgeted Fund Balance**. The *Three Year Average* Fund Balance is the orange dash line.

The graph shows a \$6.8 million **Fund Balance** plus total Revenue for July 1 to December 31, 2022, of \$5,034,483 minus total Expenses of \$7,440,178 is \$4,394,305. Revenue shows a favorable variance of \$332,061, Tax Increment and Property Tax Current Secured are higher than budgeted. Payroll expenses show a favorable variance of \$388,107, this is due to timing. Administrative expenses show variance of (\$20,251) this is because the Workers Comp retrospective adjustment is being held until February VCJPA Board meeting. For planning purposes, the District expenses are under budget by \$446,005 and revenue is over budget by \$332,061 giving a favorable variance of \$778,066. As long as the green line stays out of the shaded area the District is within budget, as of December 31, 2022, the line is outside the shaded area.
