PRODUCT INFORMATION

QuikStrike® Fly Bait is an effective fly bait formula that contains Muscamone® fly attractant. Baits can be an important tool in the overall management of house fly populations. An integrated approach is recommended which includes: sanitation, manure management, physical barriers, sprays, mechanical traps and periodic rotation of baits with different modes of action.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION

Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

FIRST AID	
Call a poison control center or doctor immediately for treatment advice.	
If in eyes	• Hold eye open and rinse slowly and gently with water for 15-20 minutes. <i>(continued in next column)</i>

	<ul style="list-style-type: none"> • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Have person sip a glass of water if able to swallow. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1-800-347-8272.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to shrimp. Do not apply directly to water, areas where surface water is present or to intertidal areas below the mean high water mark. Drift or run off from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwaters.

This product is highly toxic to bees exposed to direct treatment. Do not apply this product if bees are actively foraging in the treatment areas.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

USE RESTRICTIONS

- Do not use **QuikStrike® Fly Bait** inside homes, or any place where children or animals might be present.
- Do not apply this product in a way that will contact workers or other persons.
- Do not apply where poultry or animals, especially dogs and young calves, can pick it up or lick it.
- Do not use on edible product areas of food processing plants or other areas where food is commercially prepared or processed.
- Do not use in serving areas while food is exposed.
- Do not use as a scatter bait indoors.
- Do not use as a scatter bait in food/feed areas of food/feed handling establishments.
- Do not use around commercial dumpsters which are not enclosed.

APPLICATION PROCEDURES

SCATTER BAIT

Where to Apply

QuikStrike® Fly Bait may be used around the outside of milking parlors, broiler houses, kennels, canneries, beverage processing plants, meat and poultry processing plants, food processing plants and refuse dumpsters associated with these establishments and the walkways of caged layer houses. Do not use around commercial dumpsters which are not enclosed. May also be used in fenced or otherwise enclosed areas inaccessible to children and around the outside of restaurants, supermarkets, commissaries, and bakeries.

Methods of Application

Scatter **QuikStrike® Fly Bait** granules onto desired locations. Scatter granules evenly on dry surfaces, avoid placing bait in piles. Apply at a rate of ¼ pound per 500 square feet of area. Reapply as bait is consumed to maintain control. Start applications at the beginning of the season to help keep house fly populations manageable. Avoid application to windy areas as house flies will avoid these areas; apply bait in several locations, concentrating on areas where house flies are a problem.

BAIT STATIONS

Where to Apply

QuikStrike® Fly Bait stations may be used in house fly infested areas such as, in and around milking parlors and broiler houses, caged layer houses, canneries, beverage processing plants, food processing plants, meat and poultry processing plants, kennels, stables, refuse dumpsters, warehouses, loafing sheds, swine facilities, broiler houses, and feed lots. May also be used in and outside the non-food/feed areas of restaurants, barns, taverns, supermarkets, commissaries, and bakeries.

Methods of Application

Use **QuikStrike® Fly Bait** in any commercial fly bait station secured at least 4 feet above the ground. Position one bait station in each 250 square feet of area with up to 2 ounces of bait per station. Place bait stations in areas inaccessible to food-producing animals, pets, and children. Concentrate bait station placements in areas where house flies are a problem including dumpsters, stables, trash piles, or other areas that attract house flies. Avoid placing bait stations in windy areas as house flies will avoid bait stations that move. Reapply as bait is consumed to maintain control.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Storage: Store in a cool, dry place away from heat or open flame and inaccessible to children.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Empty container by tapping sides to apply contents as directed in the Directions for Use. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by other procedures allowed by state and local authorities.

WARRANTY AND CONDITIONS OF SALE

Seller warrants that this product conforms to the chemical specifications expressed on the label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, seller's liability for default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.
